We have audited the accompanying statements of financial condition of First Merchants Corporation Employee Stock Purchase Plan (2004) as of June 30, 2009 and 2008, and the related statements of income and changes in plan equity for each of the years in the three-year period ended June 30, 2009. The Plan's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audits included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of First Merchants Corporation Employee Stock Purchase Plan (2004) as of June 30, 2009 and 2008, and the results of its operations for each of the three years in the period ended June 30, 2009, in conformity with accounting principles generally accepted in the United States of America.

First Merchants Corporation
Employee Stock Purchase Plan (2004)

Notes to Financial Statements
June 30, 2009 and 2008

Note 1: Summary of Significant Accounting Policies

Organization - The Plan was originally adopted by the Board of Directors of First Merchants Corporation (Corporation) in February 1989, and commenced operations in July 1989. Effective July 1, 1994, the Plan was amended by the adoption of the 1994 Employee Stock Purchase Plan (1994 Plan), and effective July 1, 1999, amended again by the adoption of the 1999 Employee Stock Purchase Plan (1999 Plan). The 1999 Plan was adopted by the Board of Directors of the Corporation in February 1999 and approved by Corporation stockholders in April 1999. In December 2003, the Compensation Committee of the Board of Directors approved a new Plan that was approved by Corporation stockholders in April 2004 to be effective July 1, 2004. A total of 400,000 shares of the Corporation's common stock are to be reserved for issuance pursuant to the 2004 Plan. The purpose of the Plan is to provide eligible employees of the Corporation and participating subsidiaries the opportunity to purchase Corporation common stock through annual offerings financed by payroll deductions.

Investments, consisting of interest-bearing deposit accounts at a subsidiary of the Corporation, are carried at cost, which approximates current value.

Note 2: General Information

The Plan provides for the purchase of up to 400,000 shares of the Corporation's common stock by eligible employees through a maximum of five offerings of twelve month durations. Prior to each offering period, eligible employees elect to have up to 20 percent of their compensation deducted from their pay and accumulated with interest until the end of that offering period, but not to exceed \$25,000 per offering period.

At the end of each offering period, the balance of each participant's payroll deduction account is applied to the purchase of the largest number of full shares of the Corporation's common stock possible. The price at which the shares are deemed to have been purchased is determined by the Compensation Committee of the Corporation and is equal to 85 percent of the lesser of the fair market value of the Corporation's common stock at the beginning or at the end of that offering period. Shares to be purchased under the Plan may be obtained by the Corporation from its authorized but previously unissued shares, from open market transactions or from private sources.

In July 2009 and 2008, the Corporation issued 100,076 and 50,119 shares of its common stock for the offering period ended June 30, 2009 and 2008, at \$6.83 and \$15.43 per share.

At June 30, 2009 and 2008, the Plan had 385 and 391 participants.

Note 3: Income Tax Status

The Plan is not and will not be qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (Code). The Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Code. Consequently, the difference between the purchase price and the fair market value of the stock purchased under the Plan is not includable in the participant's gross income for federal income tax purposes, unless a disqualifying distribution occurs.

Note 4: Subsequent Plan Adoption

The Corporation adopted a new Plan agreement on July 1, 2009. Generally, the Plan provides for the purchase of up to 1,000,000 shares of the Corporation's common stock by eligible employees through a series of consecutive quarterly offering periods beginning July 1, 2009 and ending once all the allocated shares have been issued under the Plan or June 30, 2019, whichever is earlier; provided, however, the Board may terminate or amend this Plan (including modifying the frequency or duration of any offering period) at any time. Prior to each offering period, eligible employees will be entitled to elect to have a percentage of their ordinary base compensation deducted from their pay and accumulated until the end of the offering period. The Compensation and Human Resources Committee of the Board may establish a maximum percentage of a participating employee's compensation that he or she may apply to the purchase of common stock with respect to that and future offerings and may limit the overall fair market value of common stock that may be purchased by an employee in a given calendar year. Currently, the overall fair market value of common stock that can be purchased during a Plan year is capped at \$25,000. At the end of each offering period, the balance of each participant's payroll deduction account, together with interest, unless the Committee determines no interest will accrue, will be applied towards the purchase of the largest number of full shares of the Corporation's common stock possible. No fractional shares will be issued under the Plan. The price to be paid for the common stock shall be determined by the Committee, which shall be 85% of the average fair market value of the common stock during the offering period, except the price cannot be less than 85% of the lesser of the fair market value of the common stock at the beginning or the end of the offering period. The fair market value of the common stock for purposes of the Plan is the closing price of the common stock as reported by NASDAQ on such date. Any payroll deductions remaining at the end of a quarter for a partial share will remain in the participant's account and applied towards the purchase of stock the following quarter.

Subsequent events have been evaluated through October 27, 2009, which is the date the financial statements were issued.

Note 5: Related Party

Plan assets are held in interest-bearing accounts maintained by the Plan Sponsor with interest paid quarterly at the prevailing rates. Each participant's payroll deferral is maintained in a separate deposit account with the Bank. At June 30, 2009, there were no participants with a deferral balance exceeding federally insured limits.
