FORM 10-Q
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
(Table dollars in thousands)
(Unaudited)

NOTE 1. General

Financial Statement Preparation

The significant accounting policies followed by First Merchants Corporation ("Corporation") and its wholly owned subsidiaries for interim financial reporting are consistent with the accounting policies followed for annual financial reporting. All adjustments, which are of a normal recurring nature and are in the opinion of management necessary for a fair statement of the results for the periods reported, have been included in the accompanying consolidated condensed financial statements.

The consolidated condensed balance sheet of the Corporation as of December 31, 2006 has been derived from the audited consolidated balance sheet of the Corporation as of that date. Certain information and note disclosures normally included in the Corporation's annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. These consolidated condensed financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Corporation's Form 10-K annual report filed with the Securities and Exchange Commission. The results of operations for the three and nine months ended September 30, 2007 are not necessarily indicative of the results to be expected for the year.

Change in an Accounting Principle

The Corporation or one of its subsidiaries files income tax returns in the U.S. federal and Indiana jurisdictions. With few exceptions, the Corporation is no longer subject to U.S. federal, state and local examinations by tax authorities for years before 2003.

The Corporation adopted the provisions of the Financial Accounting Standards Board (FASB) Interpretation No. 48 (FIN 48), Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109, on January 1, 2007. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As a result of the implementation of FIN 48, the Corporation did not identify any uncertain tax positions that it believes should be recognized in the financial statements.

NOTE 2. Share-Based Compensation

Stock options and restricted stock awards ("RSAs") have been issued to directors, officers and other management employees under the Corporation's 1994 Stock Option Plan and The 1999 Long-term Equity Incentive Plan. The stock options, which have a ten year life, become 100 percent vested ranging from three months to two years and are fully exercisable when vested. Option exercise prices equal the Corporation's common stock closing price on NASDAQ on the date of grant. RSAs provide for the issuance of shares of the Corporation's common stock at no cost to the holder and generally vest after three years. The RSAs vest only if the employee is actively employed by the Corporation on the vesting date.

The Corporation's 2004 Employee Stock Purchase Plan ("ESPP") provides eligible employees of the Corporation and its subsidiaries an opportunity to purchase shares of common stock of the Corporation through annual offerings financed by payroll deductions. The price of the stock to be paid by the employees may not be less than 85 percent of the lesser of the fair market value of the Corporation's common stock at the beginning or at the end of the offering period. Common stock purchases are made annually and are paid through advance payroll deductions of up to 20 percent of eligible compensation.

SFAS 123(R) requires the Corporation to begin recording compensation expense in 2006 related to unvested share-based awards outstanding as of December 31, 2005, by recognizing the unamortized grant date fair value of these awards over the remaining service periods of those awards, with no change in historical reported fair values and earnings. Awards granted after December 31, 2005 are valued at fair value in accordance with provisions of SFAS 123(R) and are recognized on a straight-line basis over the service periods of each award. To complete the exercise of vested stock options, RSA's and ESPP options, the Corporation generally issues new shares from its authorized but unissued share pool. Share-based compensation for the three and nine months ended September 30, 2007 totaled \$365,000 and \$1,106,000, respectively, compared to \$212,000 and \$564,000 for the three and nine months ended September 30, 2006, respectively. Share-based compensation has been recognized as a component of salaries and benefits expense in the accompanying Consolidated Condensed Statements of Income.

NOTE 2. Share-Based Compensation continued

The estimated fair value of the stock options granted during 2007 and in prior years was calculated using a Black Scholes option pricing model. The following summarizes the assumptions used in the 2007 Black Scholes model:

Risk-free interest rate	4.67%
Expected price volatility	29.76%
Dividend yield	3.64%
Forfeiture rate	5.00%
Weighted-average expected life, until exercise	5.99 years

The Black Scholes model incorporates assumptions to value share-based awards. The risk-free rate of interest, for periods equal to the expected life of the option, is based on a zero-coupon U.S. government instrument over a similar contractual term of the equity instrument. Expected price volatility is based on historical volatility of the Corporation's common stock. In addition, the Corporation generally uses historical information to determine the dividend yield and weighted-average expected life of the options, until exercise. Separate groups of employees that have similar historical exercise behavior with regard to option exercise timing and forfeiture rates are considered separately for valuation and attribution purposes.

Share-based compensation expense recognized in the Consolidated Condensed Statements of Income is based on awards ultimately expected to vest and is reduced for estimated forfeitures. SFAS 123(R) requires forfeitures to be estimated at the time of grant and revised, if necessary, in subsequent periods, if actual forfeitures differ from those estimates. Pre-vesting forfeitures were estimated to be approximately 5 percent for the nine months ended September 30, 2007, based on historical experience. In the Corporation's pro forma disclosures required under SFAS 123(R) for the periods prior to fiscal 2006, the Corporation accounted for forfeitures as they occurred.

NOTE 2. Share-Based Compensation continued

As of September 30, 2007, unrecognized compensation expense related to stock options, RSAs and ESPPs totaling \$332,000, \$1,521,000 and \$138,000, respectively, is expected to be recognized over weighted-average periods of .76, 1.92 and .75 years, respectively.

Stock option activity under the Corporation's stock option plans as of September 30, 2007 and changes during the nine months ended September 30, 2007 were as follows:

	Number of Shares	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (in Years)	Aggregate Intrinsic Value
Outstanding at January 1, 2007	1,067,247	\$ 23.87		
Granted	75,968	26.00		
Exercised	(48,609)	18.11		
Cancelled	(25,555)	23.34		
Outstanding at September 30, 2007	1,069,051	\$ 24.30	5.51	\$ 512,118
Vested and Expected to Vest at September 30, 2007	1,056,259	\$ 24.28	5.47	\$ 512,118
Exercisable at September 30, 2007	929,088	\$ 23.10	5.01	\$ 512,118

The weighted-average grant date fair value, as calculated using the Black-Scholes option pricing model, was \$5.91 for stock options granted during the nine months ended September 30, 2007.

The aggregate intrinsic value in the table above represents the total pre-tax intrinsic value (the difference between the Corporation's closing stock price on the last trading day of the first nine months of 2007 and the exercise price, multiplied by the number of in-the-money options) that would have been received by the option holders had all option holders exercised their stock options on September 30, 2007. The amount of aggregate intrinsic value will change based on the fair market value of the Corporation's common stock.

The aggregate intrinsic value of stock options exercised during the first nine months of 2007 was \$250,000. Exercise of options during this same period resulted in cash receipts of \$496,000. The Corporation recognized a tax benefit of approximately \$106,000 in the first nine months of 2007, related to the exercise of employee stock options and has been recorded as an increase to additional paid-in capital.

The following table summarizes information on unvested restricted stock awards outstanding as of September 30, 2007:

	Number of Shares	Weighted-Average Grant-Date Fair Value
Unvested RSAs at January 1, 2007	55,000	\$ 27.83
Granted	57,775	26.07

NOTE 5. Net Income Per Share

Basic net income per share is computed by dividing net income by the weighted-average shares outstanding during the reporting period. Diluted net income per share is computed by dividing net income by the combination of all dilutive common share equivalents, comprised of shares issuable under the Corporation's share-based compensation plans, and the weighted-average shares outstanding during the reporting period.

Dilutive common share equivalents include the dilutive effect of in-the-money share-based awards, which are calculated based on the average share price for each period using the treasury stock method. Under the treasury stock method, the exercise price of share-based awards, the amount of compensation expense, if any, for future service that the Corporation has not yet recognized, and the amount of estimated tax benefits that would be recorded in additional paid-in-capital when share-based awards are exercised, are assumed to be used to repurchase common stock in the current period.

Note 7. Impact of Accounting Changes

In March 2006, the FASB issued Statement of Financial Accounting Standards No. 156 (SFAS No. 156), Accounting for Servicing of Financial Assets, an amendment of FASB Statement No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities, which requires that all separately recognized servicing assets and servicing liabilities be initially measured at fair value, if practicable and permits the entities to elect either fair value measurement with changes in fair value reflected in earnings or the amortization and impairment requirements of SFAS No. 140 for subsequent measurement. The subsequent measurement of separately recognized servicing assets and servicing liabilities at fair value eliminates the necessity for entities that manage the risks inherent in servicing assets and servicing liabilities with derivatives to qualify for hedge accounting treatment and eliminates the characterization of declines in fair value as impairments or direct write-downs. SFAS No. 156 is effective for the Corporation beginning January 1, 2007. We have evaluated the requirements of SFAS No. 156 and determined that it did not have a material effect on our financial condition or results of operations.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting standards, and expands disclosures about fair value measurements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. We do not expect that the adoption of SFAS No. 157 will have a material impact on our financial condition or results of operations.

In June 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an interpretation of SFAS No. 109, Accounting for Income Taxes (Interpretation No. 48). Interpretation No. 48 clarifies the accounting for uncertainty in income taxes in financial statements and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken. It also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Interpretation No. 48 is effective for the Corporation beginning January 1, 2007. We have evaluated the requirements of Interpretation No. 48 and determined that it did not have a material effect on our financial condition or results of operations.

In September 2006, the Emerging Issues Task Force Issue 06-4 (EITF 06-4), Accounting for Deferred Compensation and Postretirement Benefit Aspects of Endorsement Split-Dollar Life Insurance Arrangements, was ratified. EITF 06-4 addresses accounting for separate agreements which split life insurance policy benefits between an employer and employee. The Issue requires the employer to recognize a liability for future benefits payable to the employee under these agreements. The effects of applying EITF 06-4 must be recognized through either a change in accounting principle through an adjustment to equity or through the retrospective application to all prior periods. For calendar year companies, EITF 06-4 is effective beginning January 1, 2008. Early adoption is permitted as of January 1, 2007. We do not expect the adoption of EITF 06-4 to have a material effect on our consolidated financial statements.

On February 15, 2007, the FASB issued its Statement No. 159, The Fair Value Option for Financial Assets and Financial Liabilities-Including an Amendment of FASB Statement No. 115. FAS 159 permits entities to elect to report most financial assets and liabilities at their fair value with changes in fair value included in net income. The fair value option may be applied on an instrument-by-instrument or instrument class-by-class basis. The option is not available for deposits withdrawable on demand, pension plan assets and obligations, leases, instruments classified as stockholders' equity, investments in consolidated subsidiaries and variable interest entities and certain insurance policies. The new standard is effective at the beginning of the Company's fiscal year beginning January 1, 2008, and early application may be elected in certain circumstances. The Company is currently evaluating the effect of adoption of this Statement on its financial condition and results of operations.

Note 8. Subordinated Debentures

During the second quarter, the Corporation called its subordinated debentures payable to First Merchants Capital Trust I. The aggregate redemption price was the principal amount of \$54,832,000 plus any accrued but unpaid interest at a rate of 8.75 percent. The redemption of the debentures was immediately followed by the redemption by First Merchants Capital Trust I of its outstanding common and preferred securities at their \$25 liquidation value, plus any accrued but unpaid distributions.

In order to finance the redemption, the Corporation completed the issuance and sale of \$55,000,000 in aggregate liquidation amount of Fixed/Floating Rate Capital Securities (the "Capital Securities") issued by the Corporation's newly formed subsidiary, First Merchants Capital Trust II, a Delaware Statutory Trust (the "Trust") in a trust preferred transaction. The Trust simultaneously issued 1,702 shares of the Trust's common securities (the "Common Securities") to the Corporation for the purchase price of \$1,702,000, which constitutes all of the issued and outstanding common securities of the Trust. The Trust used the proceeds from the sale of the Capital Securities and the Common Securities to purchase \$56,702,000 in aggregate principal amount of Fixed/Floating Rate Junior Subordinated Deferrable Interest Debentures issued by the Corporation (the "Debentures"). The net proceeds to the Corporation from the sale of the Debentures were used by the Corporation to finance the redemption discussed above.

The Capital Securities and the Debentures will mature on September 15, 2037. Distributions on the Capital Securities are cumulative and will be payable quarterly at a fixed annual rate of 6.495% for the period from the date of issuance through September 15, 2012, and, thereafter, at an annual floating rate equal to three-month LIBOR plus 1.56%, reset quarterly. The Capital Securities are redeemable at any time after September 15, 2012 at par and without penalty, and may be redeemed earlier following the occurrence of specified Special Events. In each case, the right of the Corporation to redeem the related Debentures, and thereby to cause the redemption of the Capital Securities, will be subject to the Corporation's receipt of prior approval from the Federal Reserve, if then required under applicable capital guidelines or policies of the Federal Reserve. The Corporation has the ability to defer interest payments on the Capital Securities for up to 20 consecutive quarterly periods (5 years), provided that there is no event of default. Interest on the Capital Securities will continue to accrue during the extension period, and all accrued principal and interest must be paid at the end of each extension period. During a deferral period, the Corporation may not, except in certain limited circumstances, (i) declare or pay any dividends or distributions on, or redeem, purchase, acquire, or make a liquidation payment with respect to, any of the Corporation's capital stock or (ii) make any payment of principal of or interest or premium, if any, on or repay, repurchase or redeem any debt securities of the Corporation that rank pari passu in all respects with or junior in interest to the Debentures.

FORWARD-LOOKING STATEMENTS

We from time to time include forward-looking statements in our oral and written communication. We may include forward-looking statements in filings with the Securities and Exchange Commission, such as this Form 10-Q, in other written materials and in oral statements made by senior management to analysts, investors, representatives of the media and others. We intend these forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and we are including this statement for purposes of these safe harbor provisions. Forward-looking statements can often be identified by the use of words like "believe", "continue", "pattern", "estimate", "project", "intend", "anticipate", "expect" and similar expressions or future or conditional verbs such as "will", "would", "should", "could", "might", "can", "may", or similar expressions. These forward-looking statements include:

- * statements of our goals, intentions and expectations;
- * statements regarding our business plan and growth strategies;
- * statements regarding the asset quality of our loan and investment portfolios; and
- * estimates of our risks and future costs and benefits.

These forward-looking statements are subject to significant risks, assumptions and uncertainties, including, among other things, the following important factors which could affect the actual outcome of future events:

- * fluctuations in market rates of interest and loan and deposit pricing, which could negatively affect our net interest margin, asset valuations and expense expectations;
- * adverse changes in the economy, which might affect our business prospects and could cause credit-related losses and expenses;
- * adverse developments in our loan and investment portfolios;
- * competitive factors in the banking industry, such as the trend towards consolidation in our market;
- * changes in the banking legislation or the regulatory requirements of federal and state agencies applicable to bank holding companies and banks like our affiliate banks;
- * acquisitions of other businesses by us and integration of such acquired businesses;
- * changes in market, economic, operational, liquidity, credit and interest rate risks associated with our business; and
- * the continued availability of earnings and excess capital sufficient for the lawful and prudent declaration and payment of cash dividends.

Because of these and other uncertainties, our actual future results may be materially different from the results indicated by these forward-looking statements. In addition, our past results of operations do not necessarily indicate our anticipated future results.

CRITICAL ACCOUNTING POLICIES

Generally accepted accounting principles are complex and require us to apply significant judgments to various accounting, reporting and disclosure matters. We must use assumptions and estimates to apply these principles where actual measurement is not possible or practical. For a complete discussion of our significant accounting policies, see "Notes to the Consolidated Financial Statements" in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2006. Certain policies are considered critical because they are highly dependent upon subjective or complex judgments, assumptions and estimates. Changes in such estimates may have a significant impact on the financial statements. We have reviewed the application of these policies with the Audit Committee of our Board of Directors.

We believe there have been no significant changes during the nine months ended September 30, 2007 to the items that we disclosed as our critical accounting policies and estimates in Management's Discussion and Analysis of Financial Condition and Results of Operations in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2006.

BUSINESS SUMMARY

The Corporation is a diversified financial holding company headquartered in Muncie, Indiana. Since its organization in 1982, the Corporation has grown to include 67 banking center locations in 17 Indiana and 3 Ohio counties. In addition to its branch network, the Corporation's delivery channels include ATMs, check cards, interactive voice response systems and internet technology.

The Corporation's business activities are currently limited to one significant business segment, which is community banking. As of September 30, 2007, the Corporation's financial service affiliates included four nationally chartered banks: First Merchants Bank, National Association, First Merchants Bank of Central Indiana, National Association, Lafayette Bank and Trust Company, National Association and Commerce National Bank. The banks provide commercial and retail banking services. In addition, the Corporation's trust company, multi-line insurance company and a title company provide trust asset management services, retail and commercial insurance agency services and title services, respectively.

Management believes that its vision, mission, culture statement and core values produce profitable growth for stockholders. Management believes it is important to maintain a strong control environment as we continue to grow our businesses. Credit policies are maintained and continue to produce sound asset quality. Interest rate and market risks inherent in our asset and liability balances are managed within prudent ranges, while ensuring adequate liquidity and funding. Our stockholder value has continued to increase due to customer satisfaction and the balanced way we manage our business risk.

RESULTS OF OPERATIONS

Net income for the three months ended September 30, 2007, equaled \$8,350,000, compared to \$7,739,000 in the same period of 2006. Diluted earnings per share were \$.46, an increase of 9.5 percent from the \$.42 reported for the third quarter of 2006. Net income for the nine months ended September 30, 2007, equaled \$22,329,000, compared to \$22,539,000 during the same period in 2006. Diluted earnings per share were \$1.22 in both periods.

Annualized returns on average assets and average stockholders' equity for the three months ended September 30, 2007, were .90 percent and 10.14 percent, respectively, compared with .90 percent and 9.72 percent for the same period of 2006.

Item 2. Management's Discussion and Analysis of Financial Condition and Results

of Operations continued

CAPITAL

Our regulatory capital continues to exceed regulatory "well capitalized" standards. To be categorized as well capitalized, the Banks must maintain a minimum total capital to risk-weighted assets, Tier I capital to risk-weighted assets and Tier I capital to average assets of 10 percent, 6 percent and 5 percent, respectively. Tier I regulatory capital consists primarily of total stockholders' equity and subordinated debentures issued to business trusts categorized as qualifying borrowings, less non-qualifying intangible assets and unrealized net securities gains. Our Tier I capital to average assets ratio was 7.4 percent at September 30, 2007 and year end 2006. In addition, at September 30, 2007, we had a Tier I risk-based capital ratio of 9.0 percent and total risk-based capital ratio of 10.8 percent. Regulatory capital guidelines require a Tier I risk-based capital ratio of 4.0 percent and a total risk-based capital ratio of 8.0 percent.

Our tangible capital ratio, defined as total stockholders' equity less intangibles net of tax to total assets less intangibles net of tax, equaled 5.6 percent as of September 30, 2007, and 5.7 percent at December 31, 2006.

We believe that all of the above capital ratios are meaningful measurements for evaluating our safety and soundness. Additionally, we believe the following table is also meaningful when considering our performance measures. The table details and reconciles tangible earnings per share, return on tangible capital and tangible assets to traditional GAAP measures.

ASSET QUALITY/PROVISION FOR LOAN LOSSES

Our primary business focus is middle market commercial and residential real estate, auto and small consumer lending, which results in portfolio diversification. We ensure that appropriate methods to understand and underwrite risk are utilized. Commercial loans are individually underwritten and judgmentally risk rated. They are periodically monitored and prompt corrective actions are taken on deteriorating loans. Retail loans are typically underwritten with statistical decision-making tools and are managed throughout their life cycle on a portfolio basis.

The allowance for loan losses is maintained through the provision for loan losses, which is a charge against earnings. The amount provided for loan losses and the determination of the adequacy of the allowance are based on a continuous review of the loan portfolio, including an internally administered loan "watch" list and an ongoing loan review. The evaluation takes into consideration identified credit problems, as well as the possibility of losses inherent in the loan portfolio that are not specifically identified.

At September 30, 2007, non-performing loans totaled \$33,355,000, an increase of \$12,475,000 from December 31, 2006, as noted in Note 4. Loans and Allowance, included within the Notes to Consolidated Condensed Financial Statements of this Form 10-Q.

At September 30, 2007, impaired loans totaled \$85,316,000, an increase of \$24,996,000 from December 31, 2006. In evaluating the adequacy of the allowance for losses on impaired loans, it was determined at September 30, 2007, that an allowance was not deemed necessary for impaired loans totaling \$57,862,000 as they were adequately collateralized. An allowance of \$5,716,000 was recorded for the remaining \$27,455,000 and is included in our allowance for loan losses.

A significant portion of the increase in non-accrual loans can be attributed to two relationships. One relationship for \$6.3 million deteriorated unexpectedly earlier in the year. In evaluating the future cash flow and collateral position, we anticipate no additional losses on this relationship. The second relationship for \$2.3 million is also adequately collateralized and no additional losses are anticipated.

There has been a continued focus on the reduction of non-performing assets, with strategies to include aggressive collection, sales in the secondary market and other payoffs of troubled loans through the normal course of the business. While the non-performing loans were up in the first and second quarter of 2007, there was a decrease of 2,726,000 from June 30, 2007 to September 30, 2007. The top ten special mention loans are current and accruing interest, and thirteen of the top twenty classified loans are current and accruing interest.

At September 30, 2007, the allowance for loan losses was \$27,635,000, an increase of \$1,095,000 from year end 2006. As a percent of loans, the allowance was .96 percent at September 30, 2007 and .99 percent at December 31, 2006.

The provision for loan losses for the first nine months of 2007 was \$6,057,000, a increase of \$1,044,000 from \$5,013,000 for the same period in 2006.

LIQUIDITY

Liquidity management is the process by which the Corporation ensures that adequate liquid funds are available. These funds are necessary in order for the Corporation and its subsidiaries to meet financial commitments on a timely basis. These commitments include withdrawals by depositors, funding credit obligations to borrowers, paying dividends to shareholders, paying operating expenses, funding capital expenditures, and maintaining deposit reserve requirements. Liquidity is monitored and closely managed by the asset/liability committee at each subsidiary and by the Corporation's asset/liability committee.

Liquidity is dependent upon the Corporation's receipt of dividends from bank subsidiaries, which are subject to certain regulatory limitations and access to other funding sources. Liquidity of our bank subsidiaries is derived primarily from core deposit growth, principal payments received on loans, the sale and maturity of investment securities, net cash provided by operating activities, and access to other funding sources.

The most stable source of liability-funded liquidity for both the long-term and short-term is deposit growth and retention in the core deposit base. In addition, the Corporation utilizes advances from the Federal Home Loan Bank ("FHLB") and a revolving line of credit with LaSalle Bank, N.A. as funding sources. At September 30, 2007, total borrowings from the FHLB were \$310,100,000. Our bank subsidiaries have pledged certain mortgage loans and certain investments to the FHLB. The total available remaining borrowing capacity from the FHLB at September 30, 2007, was \$38,342,000. At September 30, 2007, the revolving line of credit with LaSalle Bank, N.A. had a balance of \$20,000,000 and a remaining borrowing capacity of \$5,000,000.

The principal source of asset-funded liquidity is investment securities classified as available-for-sale, the market values of which totaled \$465,992,000 at September 30, 2007, an increase of \$10,059,000 or 2.2 percent over December 31, 2006. Securities classified as held-to-maturity that are maturing within a short period of time can also be a source of liquidity. Securities classified as held-to-maturity and that are maturing in one year or less totaled \$384,000 at September 30, 2007. In addition, other types of assets such as cash and due from banks, federal funds sold and securities purchased under agreements to resell, and loans and interest-bearing deposits with other banks maturing within one year are sources of liquidity.

In the normal course of business, the Corporation is a party to a number of other off-balance sheet activities that contain credit, market and operational risk that are not reflected in whole or in part in our consolidated financial statements. Such activities include: traditional off-balance sheet credit-related financial instruments, commitments under operating leases and long-term debt.

The banks provide customers with off-balance sheet credit support through loan commitments and standby letters of credit. Summarized credit-related financial instruments at September 30, 2007 are as follows:

	At September 30, 2007
(Dollars in thousands)	
=====	
Amounts of commitments:	
Loan commitments to extend credit	\$ 659,708
Standby letters of credit	20,296

	\$ 680,004
	=====

Since many of the commitments are expected to expire unused or be only partially used, the total amount of unused commitments in the preceding table does not necessarily represent future cash requirements.

In addition to owned banking facilities, the Corporation has entered into a number of long-term leasing arrangements to support our ongoing activities. The required payments under such commitments and long-term debt at September 30, 2007 are as follows:

INTEREST SENSITIVITY AND DISCLOSURES ABOUT MARKET RISK

Asset/Liability Management has been an important factor in our ability to record consistent earnings growth through periods of interest rate volatility and product deregulation. Management and the Board of Directors monitor our liquidity and interest sensitivity positions at regular meetings to review how changes in interest rates may affect earnings. Decisions regarding investments and the pricing of loan and deposit products are made after analysis of reports designed to measure liquidity, rate sensitivity, our exposure to changes in net interest income given various rate scenarios and the economic and competitive environments.

It is our objective to monitor and manage risk exposure to net interest income caused by changes in interest rates. It is the goal of our Asset Liability function to provide optimum and stable net interest income. To accomplish this, we use two asset liability tools. GAP/Interest Rate Sensitivity Reports and Net Interest Income Simulation Modeling are both constructed, presented, and monitored quarterly.

We believe that our liquidity and interest sensitivity position at September 30, 2007, remained adequate to meet our primary goal of achieving optimum interest margins while avoiding undue interest rate risk.

Net interest income simulation modeling, or earnings-at-risk, measures the sensitivity of net interest income to various interest rate movements. Our asset liability process monitors simulated net interest income under three separate interest rate scenarios; base, rising and falling. Estimated net interest income for each scenario is calculated over a 12-month horizon. The immediate and parallel changes to the base case scenario used in the model are presented below. The interest rate scenarios are used for analytical purposes and do not necessarily represent our view of future market movements. Rather, these are intended to provide a measure of the degree of volatility interest rate movements may introduce into our earnings.

The base scenario is highly dependent on numerous assumptions embedded in the model, including assumptions related to future interest rates. While the base sensitivity analysis incorporates our best estimate of interest rate and balance sheet dynamics under various market rate movements, the actual behavior and resulting earnings impact will likely differ from that projected. For mortgage-related assets, the base simulation model captures the expected prepayment behavior under changing interest rate environments. Assumptions and methodologies regarding the interest rate or balance behavior of indeterminate maturity products, e.g., savings, money market, NOW and demand deposits, reflect our best estimate of expected future behavior.

The comparative rising and falling scenarios below assume further interest rate changes in addition to the base simulation discussed above. These changes are immediate and parallel changes to the base case scenario. In addition, total rate movements (beginning point minus ending point) to each of the various driver rates utilized by us in the base simulation are as follows:

Results for the base, rising and falling interest rate scenarios are listed below, based upon our rate sensitive assets and liabilities at August 31, 2007. NET INTEREST INCOME

Net Interest Income is the primary source of our earnings. It is a function of net interest margin and the level of average earning assets. The table below presents our asset yields, interest expense, and net interest income as a percent of average earning assets for the six months ended September 30, 2007 and 2006.

During the nine months ended September 30, 2007, asset yields increased 22 basis points on a fully taxable equivalent basis (FTE) and interest costs increased 49 basis points, resulting in a 27 basis point (FTE) decrease in net interest income as compared to the same period in 2006.

(Dollars in Thousands)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2007	2006	2007	2006
Annualized Net Interest Income.....	\$ 114,142	\$ 110,499	\$ 110,967	\$ 110,639

Net Interest Income (FTE) as a Percent of Average Earning Assets.....	3.52%	3.66%	3.51%	3.78%

Average earning assets include the average balance of securities classified as available for sale, computed based on the average of the historical amortized cost balances without the effects of the fair value adjustment. In addition, annualized amounts are computed utilizing a 30/360 day basis.

HEDGING ACTIVITIES

On August 1, 2006, the Corporation purchased three prime-based interest rate floor agreements with an aggregate notional amount of \$250 million and strike rates ranging from 6% to 7%. The combined purchase price of approximately \$550,000 will be amortized on an allocated fair value basis over the three-year term of the agreements. The fair value of the floors at September 30, 2007 was \$928,000. Ineffectiveness from the hedging relationships was immaterial. The Corporation's objective in using interest rate floors is to add stability to interest income by reducing its exposure to decreases in cash flows on its prime-based loans. An interest rate floor agreement involves the receipt of cash payments when the underlying interest rate falls below the floor strike rate over the life of the agreement without exchange of the underlying principal (notional) amount. The interest rate floors are designated as cash flow hedges and will be accounted for in accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, as amended.

When payment of the consideration for which a share was authorized to be issued shall have been received by the Corporation, or when surplus shall have been transferred to stated capital upon the issuance of a share dividend, such share shall be declared and taken to be fully paid and not liable to any further call or assessment, and the holder thereof shall not be liable for any further payments thereon. A shareholder may request that a stock certificate, representing all or part of the shares credited to his or her stock account, be issued and delivered to the shareholder at any time.

Any holder of capital stock of the Corporation shall be entitled to a stock certificate, signed by the President or a Vice President and the Secretary or any Assistant Secretary of the Corporation, stating the name of the registered holder, the number of shares represented by such certificate, the par value of each share of stock or that such shares of stock are without par value, and that such shares are fully paid and nonassessable. If such shares are not fully paid, the certificate shall be legibly stamped to indicate the per cent which has been paid, and as further payments are made, the certificate shall be stamped accordingly. The certificate may bear the seal of the Corporation or its facsimile.

If the Corporation is authorized to issue shares of more than one class, every certificate shall state the kind and class of shares represented thereby, and the relative rights, interests, preferences and restrictions of such class, or a summary thereof; provided, that such statement may be omitted from the certificate if it shall be set forth upon the face or back of the certificate that such statement, in full, will be furnished by the Corporation to any shareholder upon written request and without charge.

Section 6. Facsimile Signatures. If a certificate is countersigned by the written signature of a transfer agent other than the Corporation or its employee, the signatures of the officers of the Corporation may be facsimiles. If a certificate is countersigned by the written signature of a registrar other than the Corporation or its employee, the signatures of the transfer agent and the officers of the Corporation may be facsimiles. Section 7. Transfer of Shares. The shares of capital stock of the Corporation shall be transferable on the books of the Corporation upon surrender of the certificate or certificates representing the same, properly endorsed by the registered holder or by the holder's duly authorized attorney or accompanied by proper evidence of succession, assignment or authority to transfer. Shares that are not represented by a certificate shall be transferable on the books of the Corporation upon receipt of written direction to do so from the registered holder or the holder's duly authorized attorney or accompanied by proper evidence of succession, assignment or authority to transfer, in a form satisfactory to the Corporation, its transfer agent or registrar.

Section 9. Transfer Agent and Registrar. The Board of Directors may appoint a transfer agent and a registrar for each class of capital stock of the Corporation and may require all certificates representing such shares to bear the signature of such transfer agent and registrar. Shareholders shall be responsible for notifying the Corporation or transfer agent and registrar for the class of stock held by such shareholder in writing of any changes in their addresses from time to time, and failure so to do shall relieve the Corporation, its shareholders, Directors, officers, transfer agent and registrar of liability for failure to direct notices, dividends, or other documents or property to an address other than the one appearing upon the records of the transfer agent and registrar of the Corporation.

Section 10. Lost, Stolen or Destroyed Certificates. The Corporation may cause a new certificate or certificates to be issued in place of any certificate or certificates theretofore issued by the Corporation alleged to have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen or destroyed. When authorizing such issue of a new certificate or certificates, the Corporation may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed certificate or certificates, or the owner's legal representative, to give the Corporation a bond in such sum and in such form as it may direct to indemnify against any claim that may be made against the Corporation with respect to the certificates alleged to have been lost, stolen or destroyed or the issuance of such new certificate. The Corporation, in its discretion, may authorize the issuance of such new certificates without any bond when in its judgment it is proper to do so.

Section 11. Registered Shareholders. The Corporation shall be entitled to recognize the exclusive right of a person registered on its books as the owner of such shares to receive dividends, to vote as such owner, to hold liable for calls and assessments, and to treat as owner in all other respects, and shall not be bound to recognize any equitable or other claims to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of Indiana.

Section 12. Options to Officers and Employees. The issuance, including the consideration, of rights or options to Directors, officers or employees of the Corporation, and not to the shareholders generally, to purchase from the Corporation shares of its capital stock shall be approved by the affirmative vote of the holders of a majority of the shares entitled to vote thereon or shall be authorized by and consistent with a plan approved by such a vote of the shareholders.

ARTICLE IV

Meetings of Shareholders

Section 1. Place of Meeting. Meetings of shareholders of the Corporation shall be held at such place, within or without the State of Indiana, as may from time to time be designated by the Board of Directors, or as may be specified in the notices or waivers of notice of such meetings.

Section 2. Annual Meeting. The annual meeting of shareholders for the election of Directors, and for the transaction of such other business as may properly come before the meeting, shall be held at such time as the Board of Directors may set by resolution, following the close of the fiscal year of the Corporation. A failure to hold the annual meeting at the designated time shall not affect the validity of any corporate action.

Section 3. Special Meetings. Special meetings of the shareholders, for any purpose or purposes, unless otherwise prescribed by statute or by the Articles of Incorporation, may be called by the Board of Directors or the President and shall be called by the President or Secretary at the request in writing of a majority of the Board of Directors, or at the request in writing of shareholders holding of record not less than one-fourth (1/4) of all the shares outstanding and entitled by the Articles of Incorporation to vote on the business for which the meeting is being called.

Section 4. Notice of Meetings. A written or printed notice, stating the place, day and hour of the meeting, and in case of a special meeting, or when required by any other provision of the Act, or of the Articles of Incorporation, as now or hereafter amended, or these Bylaws, the purpose or purposes for which the meeting is called, shall be delivered or mailed by the Secretary, or by the officers or persons calling the meeting, to each shareholder of record entitled by the Articles of Incorporation, as now or hereafter amended, and by the Act to vote at such meeting, at such address as appears upon the records of the Corporation, at least ten (10) days before the date of the meeting. Notice of any such meeting may be waived in writing by any shareholder, if the waiver sets forth in reasonable detail the purpose or purposes for which the meeting is called, and the time and place thereof. Attendance at any meeting in person, or by proxy, shall constitute a waiver of notice of such meeting. Each shareholder, who has in the manner above provided waived notice of a shareholders' meeting, or who personally attends a shareholders' meeting, or is represented thereat by a proxy authorized to appear by an instrument of proxy, shall be conclusively presumed to have been given due notice of such meeting. Notice of any adjourned meeting of shareholders shall not be required to be given if the time and place thereof are announced at the meeting at which the adjournment is taken except as may be expressly required by law.

Section 5. Addresses of Shareholders. The address of any shareholder appearing upon the records of the Corporation shall be deemed to be the latest address of such shareholder appearing on the records maintained by the Corporation or its transfer agent for the class of stock held by such shareholder.

Section 6. Voting at Meetings.

(a) Quorum. The holders of record of a majority of the issued and outstanding stock of the Corporation entitled to vote at such meeting, present in person or by proxy, shall constitute a quorum at all meetings of shareholders for the transaction of business, except where otherwise provided by law, the Articles of Incorporation or these Bylaws. In the absence of a quorum, any officer entitled to preside at, or act as secretary of, such meeting shall have the power to adjourn the meeting from time to time until a quorum shall be constituted. At any such adjourned meeting at which a quorum shall be present, any business may be transacted which might have been transacted at the original meeting, but only those shareholders entitled to vote at the original meeting shall be entitled to vote at any adjournment or adjournments thereof unless a new record date is fixed by the Board of Directors for the adjourned meeting.

(b) Voting Rights. Except as otherwise provided by law or by the provisions of the Articles of Incorporation, every shareholder shall have the right at every shareholders' meeting to one vote for each share of stock having voting power, registered in the shareholder's name on the books of the Corporation on the date for the determination of shareholders entitled to vote, on all matters coming before the meeting including the election of directors. At any meeting of shareholders, every shareholder having the right to vote shall be entitled to vote in person, or by proxy executed by the shareholder or a duly authorized attorney in fact, in writing, transmitted by electronic means, or by any other method allowed by law, and bearing a date not more than eleven (11) months prior to its execution, unless a longer time is expressly provided therein.

(c) Required Vote. When a quorum is present at any meeting, the vote of the holders of a majority of the stock having voting power present in person or represented by proxy shall decide any question brought before such meeting, unless the question is one upon which, by express provision of the Act or of the Articles of Incorporation or by these Bylaws, a greater vote is required, in which case such express provision shall govern and control the decision of such question.

Section 7. Voting List. The Corporation or its transfer agent shall make, at least five (5) business days before each meeting of the shareholders, a complete list of the shareholders entitled by the Articles of Incorporation, as now or hereafter amended, to notice of the meeting, arranged in alphabetical order, with the address of and number of shares held by each, which list shall be on file at the principal office of the Corporation and subject to inspection during regular business hours by any shareholder entitled to vote at the meeting, or by the shareholder's agent or attorney authorized in writing. Such list shall be available continuing through the meeting, at the Corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held.

Section 8. Fixing of Record Date to Determine Shareholders Entitled to Vote. The Board of Directors may fix a record date, not exceeding seventy (70) days prior to the date of any meeting of the shareholders, for the purpose of determining the shareholders entitled to notice of and to vote at the meeting. In the absence of action by the Board of Directors fixing a record date as herein provided, the record date shall be the sixtieth (60th) day prior to the date of the meeting. A new record date must be fixed if a meeting of the shareholders is adjourned to a date more than one hundred twenty (120) days after the date fixed for the original meeting.

Section 9. Nominations for Director. The Nominating and Governance Committee of the Board of Directors shall have the responsibility for nominating individuals to serve as members of the Board of Directors, including the slate of Directors to be elected each year at the annual meeting of shareholders. In so doing, the Committee shall maintain up-to-date criteria for selecting Directors and a process for identifying and evaluating prospective nominees. Shareholders may suggest a candidate for consideration by the Committee as a Director nominee by submitting the suggestion in writing and delivering or mailing it to the Secretary of the Corporation at the Corporation's principal office. Suggestions for nominees from shareholders must include: (a) the name, address and number of the Corporation's shares owned by the shareholder; (b) the name, address, age and principal occupation of the suggested nominee; (c) such other information concerning the suggested nominee as the shareholder may wish to submit or the Committee may reasonably request. The Committee shall evaluate suggestions for nominees from shareholders in the same manner as other candidates.

Any nominations for election as Directors at any annual or special meeting of shareholders not made in accordance with this Section may be disregarded by the Chairman of the meeting, in the Chairman's discretion; and, upon the Chairman's instructions, the vote tellers or inspectors of shareholder votes may disregard all votes cast for each such nominee.

ARTICLE V

Board of Directors

Section 1. Election, Number and Term of Office. The business and affairs of the Corporation shall be managed in accordance with the Act under the direction of a Board consisting of eleven (11) Directors, to be elected by the holders of the shares of stock entitled by the Articles of Incorporation to elect Directors. The number of Directors may be changed by amendment of this Section by a two-thirds (2/3) vote of the Board of Directors.

The Directors shall be divided into three (3) classes as nearly equal in number as possible, all Directors to serve three (3) year terms except as provided in the third paragraph of this Section. One class shall be elected at each annual meeting of the shareholders, by the holders of the shares of stock entitled by the Articles of Incorporation to elect Directors. Unless the number of Directors is changed by amendment of this Section, Class I shall have three (3) Directors, and Classes II and III shall each have four (4) Directors. No decrease in the number of Directors shall have the effect of shortening the term of any incumbent Director.

No person shall serve as a Director subsequent to the annual meeting of shareholders following the end of the calendar year in which such person attains the age of seventy (70) years. The term of a Director shall expire as of the annual meeting following which the Director is no longer eligible to serve under the provisions of this paragraph, even if fewer than three (3) years have elapsed since the commencement of the Director's term.

Except in the case of earlier resignation, removal or death, all Directors shall hold office until their respective successors are chosen and qualified.

The provisions of this Section of the Bylaws may not be changed or amended except by a two-thirds (2/3) vote of the Board of Directors.

Section 2. Vacancies. Any vacancy occurring in the Board of Directors caused by resignation, death or other incapacity, or an increase in the number of Directors, shall be filled by a majority vote of the remaining members of the Board of Directors, until the next annual meeting of the shareholders, or at the discretion of the Board of Directors, such vacancy may be filled by a vote of the shareholders at a special meeting called for that purpose.

Section 3. Annual Meeting of Directors. The Board of Directors shall meet each year immediately after the annual meeting of the shareholders, at the place where such meeting of the shareholders has been held either within or without the State of Indiana, for the purpose of organization, election of officers, and consideration of any other business that may properly come before the meeting. No notice of any kind to either old or new members of the Board of Directors for such annual meeting shall be necessary.

Section 4. Regular Meetings. Regular meetings of the Board of Directors shall be held at such times and places, either within or without the State of Indiana, as may be fixed by the Directors. Such regular meetings of the Board of Directors may be held without notice or upon such notice as may be fixed by the Directors.

Section 5. Special Meetings. Special meetings of the Board of Directors may be called by the Chairman of the Board, the President, or by not less than a majority of the members of the Board of Directors. Notice of the time and place, either within or without the State of Indiana, of a special meeting shall be delivered personally, telephoned, faxed or sent by other electronic means to each Director at least twenty-four (24) hours, or mailed or delivered by express private delivery service, to each Director at the Director's usual place of business or residence at least forty-eight (48) hours, prior to the time of the meeting. Directors, in lieu of such notice, may sign a written waiver of notice either before the time of the meeting, at the meeting or after the meeting. Attendance by a Director in person at any special meeting shall constitute a waiver of notice.

Section 6. Quorum. A majority of the actual number of Directors elected and qualified, from time to time, shall be necessary to constitute a quorum for the transaction of any business except the filling of vacancies, and the act of a majority of the Directors present at the meeting, at which a quorum is present, shall be the act of the Board of Directors, unless the act of a greater number is required by the Act, by the Articles of Incorporation, or by these Bylaws. A Director, who is present at a meeting of the Board of Directors, at which action on any corporate matter is taken, shall be conclusively presumed to have assented to the action taken, unless (a) the Director shall have affirmatively stated the Director's dissent at and before the adjournment of such meeting (in which event the fact of such dissent shall be entered by the secretary of the meeting in the minutes of the meeting), or (b) the Director shall forward such dissent by registered mail to the Secretary of the Corporation immediately after the adjournment of the meeting. The right of dissent provided for by either clause (a) or clause (b) of the immediately preceding sentence shall not be available, in respect of any matter acted upon at any meeting, to a Director who voted at the meeting in favor of such matter and did not change this vote prior to the time that the result of the vote on such matter was announced by the chairman of such meeting.

A member of the Board of Directors may participate in a meeting of the Board by means of a conference telephone or similar communications equipment by which all Directors participating in the meeting can communicate with each other, and participation by these means constitutes presence in person at the meeting.

Section 7. Consent Action by Directors. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if prior to such action a written consent to such action is signed by all members of the Board of Directors or such committee, as the case may be, and such written consent is filed with the minutes of proceedings of the Board of Directors or committee.

Section 8. Removal. Any or all members of the Board of Directors may be removed, with or without cause, at a meeting of the shareholders called expressly for that purpose by the affirmative vote of the holders of not less than two-thirds (2/3) of the outstanding shares of capital stock then entitled to vote on the election of Directors, except that if the Board of Directors, by an affirmative vote of at least two-thirds (2/3) of the entire Board of Directors, recommends removal of a Director to the shareholders, such removal may be effected by the affirmative vote of the holders of not less than a majority of the outstanding shares of capital stock then entitled to vote on the election of Directors at a meeting of shareholders called expressly for that purpose.

The provisions in this Section of the Bylaws may not be changed or amended except by a two-thirds (2/3) vote of the Board of Directors.

Section 9. Dividends. The Board of Directors shall have power, subject to any restrictions contained in the Act or in the Articles of Incorporation and out of funds legally available therefor, to declare and pay dividends upon the outstanding capital stock of the Corporation as and when they deem expedient. Before declaring any dividend, there may be set aside out of any funds of the Corporation available for dividends such sum or sums as the Board of Directors from time to time in their absolute discretion deem proper for working capital, or as a reserve or reserves to meet contingencies or for such other purposes as the Board of Directors may determine, and the Board of Directors may in their absolute discretion modify or abolish any such reserve in the manner in which it was created.

Section 10. Fixing of Record Date to Determine Shareholders Entitled to Receive Corporate Benefits. The Board of Directors may fix a record date with respect to any dividend, including a share dividend, or other distribution to the shareholders of the Corporation, or for a determination of shareholders for any other purpose, as a time for the determination of the shareholders entitled to receive any such dividend, distribution or rights; and in such case only shareholders of record at the time so fixed shall be entitled to receive such dividend, rights or distribution. If no record date is fixed for the determination of shareholders entitled to receive payment of a dividend, the end of the day on which the resolution of the Board of Directors declaring such dividend is adopted shall be the record date for such determination.

Section 11. Interest of Directors in Contracts. Any contract or other transaction between the Corporation and any corporation in which this Corporation owns a majority of the capital stock shall be valid and binding, notwithstanding that the Directors or officers of this Corporation and the other corporation are identical or that some or all of the Directors or officers, or both, are also directors or officers of such other corporation.

Any contract or other transaction between the Corporation and one or more of its Directors or members or employees, or between the Corporation and any firm of which one or more of its Directors are members or employees or in which they are interested, or between the Corporation and any corporation or association of which one or more of its Directors are stockholders, members, directors, officers, or employees or in which they are interested, shall be valid for all purposes, notwithstanding the presence of such Director or Directors at the meeting of the Board of Directors of the Corporation which acts upon, or in reference to, such contract or transaction and notwithstanding his or their participation in such action, if the fact of such interest shall be disclosed or known to the Board of Directors and the Board of Directors shall authorize, approve and ratify such contract or transaction by a vote of a majority of the Directors present, such interested Director or Directors to be counted in determining whether a quorum is present, but not to be counted in calculating the majority of such quorum necessary to carry such vote. This Section shall not be construed to invalidate any contract or other transaction which would otherwise be valid under the common and statutory law applicable thereto.

Section 12. Committees. The Board of Directors may, by resolution adopted by a majority of the actual number of Directors elected and qualified, from time to time, designate from among its members an Executive Committee and one or more other committees.

During the intervals between meetings of the Board of Directors, any Executive Committee so appointed, unless expressly provided otherwise by law or these Bylaws, shall have and may exercise all the authority of the Board of Directors, including, but not limited to, the authority to issue and sell or approve any contract to issue or sell, securities or shares of the Corporation or designate the terms of a series or class of securities or shares of the Corporation. The terms which may be affixed by the Executive Committee include, but are not limited to, the price, dividend rate, and provisions of redemption, a sinking fund, conversion, voting, or preferential rights or other features of securities or class or series of a class of shares. Such Committee may have full power to adopt a final resolution which sets forth these terms and to authorize a statement of such terms to be filed with the Secretary of State. However, such Executive Committee shall not have the authority to declare dividends or distributions, amend the Articles of Incorporation or the Bylaws, approve a plan of merger or consolidation, even if such plan does not require shareholder approval, reduce earned or capital surplus, authorize or approve the reacquisition of shares unless pursuant to a general formula or method specified by the Board of Directors, or recommend to the shareholders a voluntary dissolution of the Corporation or a revocation thereof.

The Board of Directors may, in its discretion, constitute and appoint other committees, in addition to an Executive Committee, to assist in the management and control of the affairs of the Corporation, with responsibilities and powers appropriate to the nature of the several committees and as provided by the Board of Directors in the resolution of appointment or in subsequent resolutions and directives. Such committees may include, but are not limited to, a Nominating and Governance Committee, an Audit Committee, and a Compensation and Human Resources Committee.

No member of any committee appointed by the Board of Directors shall continue to be a member thereof after he ceases to be a Director of the Corporation. The calling and holding of meetings of any committee and its method of procedure shall be determined by the Board of Directors or by the committee itself, except as otherwise provided in these Bylaws. To the extent permitted by law, a member of the Board of Directors serving on any such committee shall not be liable for any action taken by such committee if the Director has acted in good faith and in a manner the Director reasonably believed to be in the best interests of the Corporation. A member of a committee may participate in a meeting of the committee by means of a conference telephone or similar communications equipment by which all members participating in the meeting can communicate with each other, and participation by these means constitutes presence in person at the meeting.

ARTICLE VI

Section 1. Principal Officers. The principal officers of the Corporation shall be a Chairman of the Board, a Vice Chairman of the Board, a Chief Executive Officer, a President, one (1) or more Vice Presidents (which may include one (1) or more Executive Vice Presidents, Senior Vice Presidents, First Vice Presidents and/or other Vice Presidents), a Treasurer and a Secretary. The Corporation may also have, at the discretion of the Board of Directors, such other subordinate officers as may be appointed in accordance with the provisions of these Bylaws. The Board of Directors may, from time to time, designate a chief operating officer and a chief financial officer from among the principal officers of the Corporation. The Board of Directors may delegate to any principal officer the power to appoint and to remove, either with or without cause, any such subordinate officers, agents or employees.

Section 5. Resignations. Any officer may resign at any time by giving written notice to the Chairman of the Board of Directors, the Chief Executive Officer, the President, or the Secretary. Section 7. Chairman of the Board. The Chairman of the Board shall preside at all meetings of shareholders and at all meetings of the Board of Directors. In general, the Chief Executive Officer shall perform the duties and exercise the powers incident to the office of Chief Executive Officer and all such other duties and powers as, from time to time, may be assigned by the Board of Directors. In the absence or disability of the Chairman of the Board and Vice Chairman of the Board, the Chief Executive Officer shall preside at all meetings of the shareholders and the Board of Directors at which the Chief Executive Officer is in attendance.

Section 10. President. The President shall perform the duties and exercise the powers incident to the office of President and all such other duties and powers as, from time to time, may be assigned by the Board of Directors or the Chief Executive Officer. Subject to the control and direction of the Board of Directors and the Chief Executive Officer, the President may enter into, execute and deliver any agreement, instrument or document in the name and on behalf of the Corporation.

Section 11. Vice Presidents. The Corporation shall have such Vice Presidents as the Board of Directors shall determine, which may include one (1) or more Executive Vice Presidents, Senior Vice Presidents, First Vice Presidents and/or other Vice Presidents. The Board of Directors shall designate one of the Vice Presidents (an Executive Vice President, if one has been appointed) to perform the duties and exercise the powers of the President in the absence or disability of the President. The Vice Presidents shall perform such duties and have such powers as the Chief Executive Officer, the President, or the Board of Directors may from time to time assign.

Section 12. Treasurer. The Treasurer shall have charge and custody of, and be responsible for, all funds and securities of the Corporation and shall deposit all such funds in the name of the Corporation in such banks or other depositories as shall be selected by the Board of Directors. The Treasurer shall upon request exhibit at all reasonable times the Treasurer's books of account and records to any of the Directors of the Corporation during business hours at the office of the Corporation where such books and records shall be kept; shall render upon request by the Board of Directors a statement of the condition of the finances of the Corporation at any meeting of the Board of Directors or at the annual meeting of the shareholders; shall receive, and give receipt for, moneys due and payable to the Corporation from any source whatsoever; and in general, shall perform all duties incident to the office of Treasurer and such other duties as from time to time may be assigned to the Treasurer by the Chief Executive Officer, the President, or the Board of Directors. The Treasurer shall give such bond, if any, for the faithful discharge of the Treasurer's duties as the Board of Directors may require. All acts affecting the Treasurer's duties and responsibilities shall be subject to the review and approval of the Corporation's chief financial officer.

Section 13. Secretary. The Secretary shall keep or cause to be kept in the books provided for that purpose the minutes of the meetings of the shareholders and of the Board of Directors; shall duly give and serve all notices required to be given in accordance with the provisions of these Bylaws and by the Act; shall be custodian of the records and of the seal of the Corporation and see that the seal is affixed to all documents, the execution of which on behalf of the Corporation under its seal is duly authorized in accordance with the provisions of these Bylaws; and, in general, shall perform all duties incident to the office of Secretary and such other duties as may, from time to time, be assigned to the Secretary by the Chief Executive Officer, the President, or the Board of Directors.

Section 14. Voting Corporation's Securities. The Board of Directors by resolution from time to time may confer like powers upon any other person or persons.

ARTICLE VII

Indemnification

Section 1. Indemnification of Directors, Officers, Employees and Agents. Every person who is or was a Director, officer, employee or agent of this Corporation or of any other corporation for which such person is or was serving in any capacity at the request of this Corporation shall be indemnified by this Corporation against any and all liability and expense that such person may incur in connection with or resulting from or arising out of any claim, action, suit or proceeding, provided that such person is wholly successful with respect thereto or acted in good faith in what such person reasonably believed to be in or not opposed to the best interest of this Corporation or such other corporation, as the case may be, and, in addition, in any criminal action or proceeding in which such person had no reasonable cause to believe that his or her conduct was unlawful. As used herein, "claim, action, suit or proceeding" shall include any claim, action, suit or proceeding (whether brought by or in the right of this Corporation or such other corporation or otherwise), civil, criminal, administrative or investigative, whether actual or threatened or in connection with an appeal relating thereto, in which a Director, officer, employee or agent of this Corporation may become involved, as a party or otherwise,

- (i) by reason of such person's being or having been a Director, officer, employee, or agent of this Corporation or such other corporation or arising out of his or her status as such or
- (ii) by reason of any past or future action taken or not taken by such person in any such capacity, whether or not such person continues to be such at the time such liability or expense is incurred.

The terms "liability" and "expense" shall include, but shall not be limited to, attorneys' fees and disbursements, amounts of judgments, fines or penalties, and amounts paid in settlement by or on behalf of a Director, officer, employee, or agent, but shall not in any event include any liability or expenses on account of profits realized by such person in the purchase or sale of securities of the Corporation in violation of the law. The termination of any claim, action, suit or proceeding, by judgment, settlement (whether with or without court approval) or conviction or upon a plea of guilty or of nolo contendere, or its equivalent, shall not create a presumption that a Director, officer, employee, or agent did not meet the standards of conduct set forth in this paragraph.

Any such Director, officer, employee, or agent who has been wholly successful with respect to any such claim, action, suit or proceeding shall be entitled to indemnification as a matter of right. Except as provided in the preceding sentence, any indemnification hereunder shall be made only if

- (i) the Board of Directors acting by a quorum consisting of Directors who are not parties to or who have been wholly successful with respect to such claim, action, suit or proceeding shall find that the Director, officer, employee, or agent has met the standards of conduct set forth in the preceding paragraph; or
- (ii) independent legal counsel shall deliver to the Corporation their written opinion that such Director, officer, employee, or agent has met such standards of conduct.

If several claims, issues or matters of action are involved, any such person may be entitled to indemnification as to some matters even though he is not entitled as to other matters.

The Corporation may advance expenses to or, where appropriate, may at its expense undertake the defense of any such Director, officer, employee, or agent upon receipt of an undertaking by or on behalf of such person to repay such expenses if it should ultimately be determined that such person is not entitled to indemnification hereunder.

The provisions of this Section shall be applicable to claims, actions, suits or proceedings made or commenced after the adoption hereof, whether arising from acts or omissions to act during, before or after the adoption hereof.

The rights of indemnification provided hereunder shall be in addition to any rights to which any person concerned may otherwise be entitled by contract or as a matter of law and shall inure to the benefit of the heirs, executors and administrators of any such person.

The Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or agent of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation against any liability asserted against such person and incurred by such person in any capacity or arising out of his or her status as such, whether or not the Corporation would have the power to indemnify such person against such liability under the provisions of this Section or otherwise.

ARTICLE VIII

Amendments

Except as expressly provided herein or in the Articles of Incorporation, the Board of Directors may make, alter, amend or repeal these Bylaws by an affirmative vote of a majority of the actual number of Directors elected and qualified.
